

AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all prior versions and listings of claims in the application:

Please amend claim 78 and delete claims 51-66 without prejudice or disclaimer.

Claims 1-50. (Canceled)

Claims 51-66 (Canceled)

Claim 67. (Previously presented) A transfer resistant cosmetic composition, comprising:

(a) an effective amount of at least one copolymer film former selected from tri-block, multi-block, and radial copolymers, and

(b) at least one additional film former, wherein said at least one additional film former is not a block copolymer film former,

with the proviso that said at least one additional film former (b) is not an alkyl cycloalkylacrylate; and

wherein said transfer resistant cosmetic composition is a water/oil emulsion foundation.

Claim 68. (Previously presented). A transfer resistant cosmetic composition comprising:

(a) an effective amount of at least one copolymer film former selected from tri-block, multi-block, and radial copolymers, and

(b) at least one additional film former, wherein said at least one additional film former is not a block copolymer film former,

with the proviso that said at least one additional film former (b) is not an alkyl cycloalkylacrylate,

wherein said transfer resistant cosmetic composition comprises at least one radial copolymer film former and at least one tri-block copolymer film former; and

wherein said transfer resistant cosmetic composition is a water/oil emulsion foundation.

Claim 69. (Previously presented) A transfer resistant cosmetic composition according to claim 67, wherein the water phase of said water/oil emulsion further comprises at least one film former.

Claim 70. (Previously presented) A transfer resistant cosmetic composition according to claim 68, wherein the water phase of said water/oil emulsion further comprises at least one film former.

Claim 71. (Previously presented) A transfer resistant cosmetic composition according to claim 69, wherein said film former of said water phase is a PVP/VA copolymer film former.

Claim 72. (Previously presented) A transfer resistant cosmetic composition according to claim 70, wherein said film former of said water phase is a PVP/VA copolymer film former.

Claims 73 and 74. (Canceled)

Claim 75. (Previously presented) A transfer resistant composition according to claim 71, wherein said composition further comprises organo-clays.

Claim 76. (Previously presented) A transfer resistant composition according to claim 74, wherein said composition further comprises organo-clays.

Claim 77. (Previously presented) A transfer resistant cosmetic composition comprising:

- (a) an effective amount of at least one copolymer film former selected from tri-block, multi-block, and radial copolymers, and
- (b) at least one additional film former, wherein said at least one additional film former is not a block copolymer film former,

with the proviso that said at least one additional film former (b) is not an alkyl cycloalkylacrylate; and

wherein said additional film former is an Allyl Stearate/VA copolymer film former.

Claim 78. (Currently amended) A transfer resistant cosmetic composition comprising:

- (a) an effective amount of at least one copolymer film former selected from tri-block, multi-block, and radial copolymers, and
- (b) at least one additional film former, wherein said at least one additional film former is not a block copolymer film former,

with the proviso that said at least one additional film former (b) is not an alkyl cycloalkylacrylate,

wherein said transfer resistant cosmetic composition comprises at least one radial copolymer film former and at least one tri-block copolymer film former; and

wherein said additional film former is an Allyl Stearate/VA copolymer film former.
